

RED CROSS GOAL IS 5,000 MEMBERSHIPS AT \$1.00

News From Your TOWN HALL

Looking forward to the time when additional space for water plant will be necessary, the Town Fathers have taken steps to purchase approximately five acres just west of the present site.

The Canning Plant has had trouble with the water supply this week and has been forced to restrict its operations somewhat on this account.

In order to operate the cooking boilers and cool the cans expediently a certain amount of pressure is necessary and this has been lacking. Only once or twice has the plant been out of water when the canning plant needed it.

Investigation shows that more than 100 water meters have been installed during the past year; therefore, there is a great use of water in that way. Then, too, the migratory camps, the hospital and the Experiment Station have been using more water.

The facts are that we are pretty close to the mathematical possibility of the water plant at peak use—our plant is fast becoming obsolete and insufficient for our needs.

With a capacity of 500 gallons per minute, and a possible month's use of eight to nine million gallons, you can see just how many hours during the month the plant can be shut down. A 30-day month will give a total of 21,000,000 gallons if not a minute is lost.

Number one priority, so far as the Town is concerned, after the war must be a water plant for Belle Glade.

Donations For Band Still Badly Needed

Additional donations to the High School Band are announced by Prof. Hobson since the last report, as follows:

- Kilgore Seed \$50
- Raulo Co. \$25
- Fla. P. & Light Co. \$25
- Palo Verde Elks Club \$50
- C. E. Rindel \$25
- Dr. W. J. White \$10
- J. I. Freedlund \$25
- M. J. Hardy \$5
- Highland Lyngholm \$5

Mrs. A. C. Bailey, treasurer of the Women's Club, announces that members are asked to give their \$1 donations for the Band and to her, as it has been decided to secure the \$100 pledged to the Band in this way rather than deplete the treasury.

While there are several \$100 additional donations expected from the several clubs, the "pot" is still not full, and we hope reports, and any donations will be gratefully received.

Prof. George Goes To Navy As Ensign

As a tribute from his students to Ensign George U. S. Navy, we print as it was handed in the following story:

Prof. Henry George answers the call of Uncle Sam.

Prof. George has been an advisor of the F. F. A. for the past two years. Under his leadership the chapter has prospered. We have bought \$100 worth of war bonds and sold \$12,500. Prof. George has helped to almost complete our workshop and also purchased \$2,500 of machinery.

"The chapter's land has made \$1,600. Each individual has had an enterprise which has proven profitable."

"His pupils and many friends, that he has made while in our midst, wish him success in whatever line of duty he chooses."

"Reporter Horace Harris."

**WAR BOND WINNERS ARE ANNOUNCED**

The annual spaghetti supper, sponsored by St. Mary's Altar Society, was a great success, according to Mrs. J. A. Pike, president of the society. Over 300 people were served during the evening.

Mrs. George Taylor and Albert Stevens were winners of the two \$25.00 War Bonds that were given as door prizes.

Championship Tourney At Local Country Club

Bill Schreiber, pro at the Country Club, announces the Spring Championship tournament with qualifying rounds to start Saturday, March 25th, for 36 holes. Qualifying will be for two weeks and scores must be completed by April 2nd, Sunday night.

Fights will be composed of eight players for both men and women.

An entrance fee of \$1.00 must be paid and each entrant must sign up before qualifying, and play will be under USGA rules.

Winners and runners-up in each flight will be given prizes.

Infantile Paralysis To Be Discussed At Kiwanis Meeting

Basil O'Connor, President of the National Foundation for Infantile Paralysis, will talk at the regular Kiwanis meeting at the Hotel George Washington on March 29th at noon.

Glades citizens interested in this type of work are invited to attend the meeting. Those who intend going should call the Crippled Children's Clinic in Palm Beach by Tuesday, March 28th, and make reservations.

The state organization reports that approximately \$200,000 was raised in Florida in the March of Dimes campaign, a half of which will remain in the respective counties.

The Glades has been commended on its generosity in this campaign.

Baptist Chapel Named For Sam J. Fleming

At Sunday School on the Sunday immediately preceding the fatal accident, Sam Fleming proposed to the Men's Bible Class of which he has been a member and officer for several years, that a chapel be built in the neighborhood of the white Migratory Camp for use of the residents of the camp.

Further, with his usual generosity in such cases, Mr. Fleming insisted that some immediate steps be taken so that missionaries could have quarters in which to hold meetings.

To carry out Sam's idea, which was adopted by the class on his last attendance with them, an acre has been secured just across from Osceola Camp, for a building are in the making.

Following the lead of fellow members of this class a number of friends have volunteered the church building; \$5,000 has been set as an estimated cost of the undertaking, and addresses are being used to contribute may do so.

Mr. R. L. Murray, fourth vice president in charge of the Department of Public Welfare, will attend the Spring Board of Managers meeting of the Florida Congress of Parents and Teachers being held Tuesday night (March 21) and Wednesday in the George Washington Hotel, Jacksonville.

H. Berkham, president, Miami, will preside.

INFORMATION ON SOLDIER VOTING

Attention, every Man or Woman in the Armed Services or Merchant Marines absent from the State of Florida by reason of your service!

You can Vote in our Democratic Primary in May.

Secure Your Ballots in the following manner:

Secure printed form postal card for requesting ballot from your County Judge, or from your Headquarters Office, and mail to the Secretary of State, Tallahassee, Florida.

Write a letter to the Secretary of State, Tallahassee, Florida, requesting that a "War Ballot" be sent you, giving him your complete address, age, home county and town and precinct number if known to you.

IMPORTANT! Only those men and women in the Armed Forces or Merchant Marines requesting a "War Ballot" through the Secretary of State can receive "War Ballots." Your County Judge cannot receive your request. It must come to the Secretary of State.

Make your request immediately and your ballot will be mailed to you on March 18th, 1944. This will give you plenty of time to receive your ballot, vote it and return it to the County Judge for receipt by him on or before May 2nd, the date of the First Primary.

Relatives of service men and women should clip this notice and mail it to them.

28 Million Pounds Winter Vegetables Leaves The Glades

636 Carloads Are Loaded During Past Week For Shipment

To the financial betterment of the harvest hands and railroads, the satisfaction of the Price Control boys and a doubling hope of the farmer for an even break of costs, the Glades contribution to the war effort in foods seems to climb in volume each week.

Cabbage are bringing around 70c, and beans and escarole a fairly satisfactory price, while celery is rocking along at a break-even figure.

Predictions are that the bean price will take a slump as the next three to four weeks sees the car loadings double and treble.

The following is the accounting to date:

RAIL	North End	South End	This Week	Week Sea
Commodity	week sea	week sea		
Beans	103 1251	64 1521

Mrs. Murray To Attend PTA Meeting In Jax

Mrs. R. L. Murray, fourth vice president in charge of the Department of Public Welfare, will attend the Spring Board of Managers meeting of the Florida Congress of Parents and Teachers being held Tuesday night (March 21) and Wednesday in the George Washington Hotel, Jacksonville.

H. Berkham, president, Miami, will preside.

J. Edwin Baker will speak in Belle Glade Saturday afternoon at 3 o'clock, presumably at the corner of Main Street and Avenue A.

Mr. Baker will also speak at Palokae at 5 p.m.

**Something to pin on your conscience**

EACH MONTH, 16 to 17% of the pay of our Armed Forces participating in the Payroll Savings Plan goes toward the purchase of War Bonds. That's what the men who are doing the actual fighting in this war think of the importance to Victory of buying bonds and more bonds. Think that one over!

THE RED CROSS IS AT HIS SIDE And The Red Cross is YOUR

NRA Certificate Valuable To Those Entering Service

Coach Browning, as executive officer of the local Chapter of the National Rifle Association, announces that a certificate worth \$500 extra per month to anyone going into the service.

Because the course of instruction is the same as that given in the Army, the certificate is accepted by the Service.

Classes are conducted each Sunday afternoon at 3:00 p.m. and rifles are available to all members who haven't one.

Seamen Lee And Paff Of The U. S. Navy!

Two young women from Belle Glade have joined the WAVES and are now awaiting their orders to the Navy indoctrination school in New York City. They are Miss Phyllis Marie Lee, daughter of Mr. and Mrs. J. D. Lee, Sr., and Miss Caroline M. Paff, daughter of Mrs. Elizabeth Paff.

Both young women attended Palokae High School. Miss Paff, who enlisted on March 21, joined the WAVES on her 20th birthday. Her brother, Nicky Paff, is serving with the army in Italy, and Miss Paff joined the Women's Reserve "To bring my mother home sooner." For the past six months she has been (Continued on page 6)

"That Man" Is Here Looking For Taxes Better Make Report

The following persons are subject to file their "Declaration of Estimated Income" for the year 1944 and to make their report before April 15, 1944.

Agriculture labor, domestic labor, ministers, members of the Armed Forces, persons in business quarterly payment on or less for themselves (except farmers), with income in excess of their personal exemption; namely, \$500.00 if single; \$1,200 if married, or \$624 for one spouse.

Drive Ends Tuesday If Week End Efforts Prove Effective

Sweet Potato Shredder Demonstrated By Lewis

L. H. Lewis of the Florida Marketing Bureau, a frequent visitor to the Glades, demonstrated a sweet potato shredder at Plant City recently.

An oil tank and an auto rear axle were used in this machine. Because of the demonstrated value of sweet potato meal—almost equal to corn—such a machine is of interest to Glades cattle feeders. No doubt Mr. Lewis will send a copy of his design to anyone requesting it.

CAP Cadets To Work Belle Glade Thoroughly On Saturday Morning

Mrs. Sam Fleming, as chairman of the Red Cross Drive for the community, will captain a detachment of the CAP Cadets on Saturday in a house-to-house canvass of Belle Glade towards the goal of \$7500.

The local telephone exchange girls have donated 100 per cent of interest to Glades cattle feeders. No doubt Mr. Lewis will send a copy of his design to anyone requesting it.

Prof. Hobson has turned in

MRS. SAM J. FLEMING Red Cross Drive Chairman

Local Board To Insist That Veterans Take Prescribed Treatment

Cards are being sent to all registrants who are classed 4-F positive, better known as veterans, directing them to report to established clinics for treatment, until pronounced cured.

Selected service regulations require that all veterans forthwith commence treatment and keep them until a cure is effected. The State laws make it a penalty for anyone with (Continued On Page 6)

Disabled Veterans To Be Employed In Sugar Co's Plant

Florida officials of the Veterans Administration are working out plans with the U. S. Sugar Corporation for the employment of war veterans in connection with the Company's new diversification program and post-war plans in connection with its starch plant.

Mr. Bryson, manager of the Veterans Hospital at Bay Pines, said: "To our knowledge, this is the first big corporation to take such an active interest and realistic view of the post-war problem regarding veteran personnel."

(Continued on page six)

\$34 for the local white school teachers with a 100 per cent record

A donation of \$500 by one old timer who doesn't want any publicity gives the campaign a whiz of a start.

Mrs. Thomas is taking care of the Lake Harbor end of the drive, while Mrs. Barrett, postmistress at Bean City, is handling that metropolitan.

N. N. Staring on special donations with Mrs. F. W. Mutchler, is handling the house-to-house canvass, will care for the State's white population. Chief McAllister will see that the negro population of South Bay is generous in memberships.

The Camp Council of Camp Osceola is out to make the Camp 100 per cent by Sunday night.

W. M. Taylor heads a corps of negro workers for the local negroes as well as the Osceola Migratory Camp.

Mrs. George Boylston is taking care of the 100 per cent report at the Experiment Station.

Joe Murphy and I. L. Prie have a 100 per cent report ready to send in for the Brown Farm.

Harold Rabin is all set to give the packing house operators an opportunity to kick in substantial sums.

George Yon is a roving collector and we expect a most pleasant report from him as the number of memberships and money.

SERVICE MEN who FIGHT and WRITE

**CPL. HORACE WALKER**

"I have been stationed here at Camp Pendleton, Virginia, since last March 1st, ago. After entering the Army at Camp Blanton, I spent one month in Maryland, then transferred here. This is a good camp and we have some very

nice officers in this battalion.

"I receive the Herald every week and wish to thank you for it as I enjoy every word of it."

**LT. BUSTER WILLIS**

"My visit with the good people of the Glades was about the most enjoyable experience I ever had, and hasten the day when I come back to stay."

"I have time to write everyone but want them to know how much I enjoyed seeing them and how much I appreciated the hospitality and friendliness. It really was a wonderful leave."

"I left West Palm Beach Monday morning on the Silver Meteor and arrived in Raleigh just after midnight in a downpour of rain and as cold as the devil. Every morning since my return, there has been ice on the ground and these buttons we have for quarters are like ice boxes. After the glorious sunshine in Florida I ain't taking to this damn weather very kindly, either. I'm sort of confused and in the dumps with the prospect of this weekend in Glades, after last weekend in the Glades,

but Sherman said, 'War is Hell,' and I haven't had much of it."

**1ST LT. M. A. MURPHY, JR.**

The following letter, dated February 27th, was just received by Mr. and Mrs. M. A. Murphy from their son, Mike, who was injured in action over Weisk New Guinea, on February 23th:

"You will gather from the start that in all reality I am not writing this letter myself. In just a minute I will explain everything, but first of all don't get excited, for it really isn't anything."

"To begin with, I've had a little accident, nothing serious, but just the same I'm out of action for a few days. Undoubtedly you will have received word from the War Department that I have been wounded in action. So you will have some idea of what happened. Of course just what did happen, when and where, or other such details, I cannot tell you. What I can say, however, is that I've been wounded in my left arm by shrapnel, but am coming along nicely, hence someone else is

writing this for me, because of my wounded arm in a cast, and I won't be able to use it for a couple of weeks. Luckily no bones were broken, just a deep flesh wound from which I lost a little blood. You should see the lunk of shrapnel the Doctor dug out of my arm. No one else got hurt or even wounded when I brought the plane back without any trouble, so no worries on that point."

"In a couple of weeks, or as soon as I can be discharged from the hospital, I expect to get a two weeks leave in Sydney, which of course won't be hard to take. If this keeps up, I'll be having more Sydney time than New Guinea time. But boy, oh boy, do I like that!"

**CPL. RAYMOND SHENSKY**

Corporal Shensky writes from Liberal, Kansas: "I finally made the grade and lost enough weight so that I was accepted in the Army in army. 22, and have been cooking every since."

Did You Know

Inexperienced administrative and professional interns bungling along have defeated Mr. Baldwin's avowed purpose of furnishing hospitalization for the "low income farm worker," when the Migratory Hospital was begun?

Veterans imported contrary to agreements and orders—estimated at 60 to 75 per cent of those imported—combined with fratricidal manipulations of alphabetical bureaus have practically eliminated thousands of natives. We wonder how Georgia crackers and Carolinians like handling "black meat" altogether?

## FINAL NOTICE

All applications for homestead exemptions must be filed not later than April 1st. Failure to do so will deprive the taxpayer of the benefit of the exemption. Likewise, returns for tangible and intangible property must be filed not later than April 1st in order to avoid penalty. If you intend filing, we urge that you co-operate by doing so at once and avoid the rush which always occurs during the last few days.

JAMES M. OWENS, JR.,  
County Tax Assessor.

## PAN AMERICAN TANKER SKIPPER DECORATED BY ADMIRAL LAND

350 Members of the Propeller Club of New York Witness Award of the Merchant Marine Distinguished Service Medal

Comm. John Land, master of tanker, S. S. Pan Maryland, receiving from Rear Admiral Emory S. Land the Merchant Marine Distinguished Service Medal for heroic rescue at sea.

New York — Commander John Land, master of the Pan American tanker, S. S. Pan Maryland, was honored at a luncheon held in the Waldorf-Astoria, and presented with the Merchant Marine Distinguished Service Medal. The presentation, on behalf of Rear Admiral Emory S. Land, Chairman of the U. S. Maritime Commission, before 350 members and guests of the Propeller Club of New York.

After reading the presidential citation dealing with his heroic rescue of 27 Norwegian seamen, Admiral Land paid the high compliment to Land by calling him "the salt of the sea." "And I know of no higher compliment which can be bestowed on a man," he added. Further honors were paid to Captain Land by James Patterson, general manager of Pan American Petroleum & Transport Company, who presented the shipper with the original drawing of a tanker on convoy at sea. Captain Land was almost as pleased with this drawing, executed by the famous marine artist Hunter Wood, as he was with the medal. He said he would treasure them both, and the drawing would soon hang on the wall of his home.

Captain Land, a native of Denmark, started his sea career in 1910 on schooners. During World War I he sailed as an ordinary seaman on old wooden ships. He left the Old World in 1919 and arrived here, fittingly enough, on July 4th, Independence Day. Also fitting is the fact that he joined Pan American Petroleum & Transport Company on October 12, 1926, the birthday of another great navigator, Christopher Columbus. An interesting fact is that the ship, GEORGE STAGE, a full-rigged Danish transatlantic ship, gave Captain Land his early seaman's life. He was known as the JOSEPH CONRAD in service in this war training cadets for the U. S. War Shipping Administration. He has seen every day of top-ranking naval and maritime ship-

through its fight against ceiling prices for fresh vegetables. "Especially have those operators with large acreages in tomatoes and potatoes been benefited," stated Mr. Stuckey. Continuing, he said: "Of interest to every housewife in the district is the recent success of the Vegetable Committee in obtaining the removal of ration points from string beans in Florida."

"I believe I know the problems of the farmer and the business man," said Mr. Stuckey. "And when I go to Congress I'll mix the commonsense I have gained from practical business experience with sound principles of Democratic government to gain the most and the best for all the people of the Sixth District."

### CINEMATIC CHATTER

Bu Malcolm Miller Better Davis returns to the Everglades screen with the Owl Show. Saturday and the Sunday-Monday run in a picture that is everything reviewers say about it. That show is "Old Acquaintance," and starring with Miss Davis are Miriam Hopkins (whom we haven't seen for some time), Gig Young, John Loder and Dolores Moran. The story has all the essentials needed in making a first class dramatic picture, designed to click with Mr. and Mrs. Average Theatre-goer, and with the expert direction and the exceptional cast there isn't any valid reason why this picture should not be enjoyed by all theatre-goers.

One of those cute little singing and dancing shows comes to the screen Tuesday-Wednesday when Lulabelle and Scotty, Vera Vague, Dale Evans, Ransom Sherman and a large cast of some of the finest talent heard over the air waves in "Swing Your Partner," which happens been made for the farmer to be a show that is laid in a

cheese factory . . . but that doesn't mean it is cheesy . . . It is not! Definitely it is a wholly entertaining show.

July 29th, however, whom we haven't seen on our local screen for some time, comes back again this Thursday-Friday with Dennis Day, Ruth Donnelly and an expert cast of supporting players in a screwball comedy under the title of "Sleepy Lagoon," which, according to all reports, is available, is a show that will keep all of its witnesses on their toes.

Saturday brings William (Hopalong Cassidy) with Andy Clyde galloping onto the screen in "Bar 20." This is a show that will please all members of the Six Shooters Club, and that club is very ticklish about their Western shows.

B. Elliott, Pahokee Ford dealer for 22 years, this week announces his candidacy for State Representative in Group 2 from Palm Beach County.

In announcing his candidacy for this important state office, Mr. Elliott said that he believed any man seeking such a high office should have a definite platform with which to justify his candidacy. Therefore, he said, "In the near future I shall announce certain and definite objectives which I hope to attain for Palm Beach County and the state in the next session of the State Legislature."

The Glades candidate has been a resident of Pahokee for 22 years and during that time has always been active in all civic movements for the betterment of the community. He is a member of the Methodist Church, is married and has four children.

Mr. Elliott was born in Bell Falls, Texas, March 13th, 1902, and came to the Lake Okechobee region in 1922. He was elected a member of the Pahokee City Council in 1934 and served one year as chairman of the body. He is a charter member and past president of the Pahokee Rotary Club, a past president of the Chamber of Commerce, a charter member of the Pahokee Masonic Lodge, a charter member of the Pahokee Elks Lodge and has been elected exalted ruler three times. He was at one time president of the Young Democratic Club in Pahokee, he served as chairman of the Western Palm Beach County in the Infantile Paralysis Drive.

Our boys must keep on fighting—we must keep on fighting WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

## Cattle Industry Grows In Palm Beach County

The cattle population of Florida increased faster than any State in the Nation during the period 1933-1943, according to figures released by the Federal Reserve Bank of Atlanta, February 29th.

The Agricultural Committee of the Palm Beach County Resources Development Board plans include a very vigorous promotion of the cattle industry. While already flourishing, it is still in its infancy and is still beset by many problems, the committee declared.

The three states in which cattle growth increased faster than in the nation, or the 6th District as a whole, were Florida 33.6 per cent, Tennessee 27.9 per cent and Alabama 22.1 per cent. A number of reasons have been advanced for the great forward stride in our Florida cattle business:

1. A steady increase in the quality of our herds. Eighty per cent of the State's cattle have shown improvement since 1934, with 40 per cent showing a marked advance in quality.

2. There are now approximately 8,500 registered beef-type bulls in Florida as compared with 235 ten years ago.

3. Improved pasture areas have increased; upward of 80 per cent of our cattle no longer roam the range, but are fenced.

4. Some 600,000 acres of pasture has been developed, greatly improving grazing whereas, as late as 1937 Florida had less than 50,000 acres of developed pasture.

**IN THE COUNTY JUDGES COURT IN AND FOR PALM BEACH COUNTY, FLORIDA.**

In the Estate of Annie E. Frank, Deceased.

Ruth Barron, was in charge of the program at the regular social meeting of the Business and Professional Women's Club held at the home of Mrs. Ruth Wedgworth Tuesday night, when five new members were initiated with the impressive candlelight service. Mrs. Mary Pope explained the symbols included in the emblem, as the waning torch of truth; the wand of a new day; the ship of commerce and opportunity; the scroll of wisdom and the winged goddess of victory.

During the ceremony, Mrs. Pauline Boydston sang two selections, accompanied by Mrs. Margaret Harris, Mrs. Ruth Smith lit the candles. Miss Sara Creech, president, took the pledge of support to all club obligations and principles. Mrs. Katherine Harris read the club creed. The new members are: Mrs. Margaret Moore, Mrs. Margaret Harris, Mrs. Rhine Williams, Mrs. Imogene Fontaine, and Miss Med Scott Brown.

Hostesses were Mrs. Wedgworth, Miss Adelaide Perry and Mrs. Creech.

Miss Eva Bryant and Mrs. Helen Griva were guests. Other members attending were Miss Ruth Peebles, Mrs. Catherine Ashley, Mrs. Helen Morris, Miss Jean Stanton, Mrs. Irene Beggs and Mrs. Nell Scullen.

**BLESSED EVENT**  
Mr. and Mrs. James Barron, Jr. are announcing the birth of a son, James Barron, III, at Camp Blanding on March 13.

## Ladies From Mars? No, Army Nurses!

Army nurses, preparing for service in the field, learn how to meet all possible emergencies. They are pictured here wearing their gas masks before entering a gas chamber used for training purposes.

A U. S. Army Nurse must be as much at home with a gas mask as with a clinical thermometer, as competent at digging a slit trench as any soldier.

Like the fighting men with whom they serve, army nurses attend training centers. There, they may make 20-mile hikes with the troops, carrying full pack equipment, including gas mask; dig their own slit trenches and fox holes, crawl a 75-yard stretch under a low-timed spread of live bullets from machine guns; set up and tear down their own tents; carry their own water and firewood; do their washing in a helmet full of water.

Army nurses learn how to handle incendiaries and how to avoid booby traps, as well as the proper method of setting up field hospitals, treating certain types of wounds, and handling large numbers of patients efficiently. An army nurse must be able to handle 20 patients in the time it would take a civilian nurse to bathe five. Under the army system, orders bring in water and towels and prepare a second patient while the nurse is bathing the first.

Overseas, an Army nurse may work in a surgical tent or surgical truck as member of a surgical team, specializing in treatment of a particular type of combat injury. These Army doctor-nurse teams achieve the highest possible degree of teamwork.

Army nurses have helped tear down, move and set up in new locations big surgical and evacuation hospitals. In such movements, they must know in which crate each item of equipment has been packed, so that it will be available for instant use when needed.

The Army needs 2,000 additional registered nurses a month. Such nurses who qualify for membership in the Army Nurse Corps are commissioned with the relative rank of second lieutenant and have all the privileges and the pay of regular Army officers.

Phant City. — Senator J. Ed Baker, Lake County candidate for Governor, opened his statewide speaking campaign Saturday, here where he was born, and declared that "the three major economic factors in Florida's future will continue to be tourists, agriculture and industry. The development of all three fields must go forward together, and I shall cooperate with the people of our counties, cities and towns in keeping our state moving ahead progressively."

Baker said he would like to see working from the Governor's office three men, each a qualified expert in his field, and constantly advising the Governor and the cabinet as to most practical ways and means of pressing rapidly for all three phases of development. A Navy veteran of the last war, Baker pointed out that Florida veterans of this war will possess various technical skills on which this state must capitalize to the fullest extent.

The Senator from Umastilla also outlined his plan for the employment and rehabilitation of servicemen and women, a state-wide exposition in observance of Florida's Centennial, a public assistance and education program. He advocated legislation to empower the county boards of public instruction to grant immediately salary raises to teachers at any time living costs advanced above a normal period of years.

**DeWitt Upthegrove  
Candidate For Registrar**

DeWitt Upthegrove, long time resident of the Everglades, this week announces his candidacy for supervisor of registration. At present Mr. Upthegrove lives in Delray Beach, where he is doing defense work, having tied up his charter boat for the duration.

Mr. Upthegrove became a resident of the Everglades in 1912. Through the years he has been closely identified with this section. He operated a boat that carried the first paying passenger through the West Palm Beach Canal to West Palm Beach. He worked on dike construction here and farmed in this area from 1933 to 1935. He has many friends and relatives in this section of the county who will be actively interested in his race for supervisor of registration.

Mr. Upthegrove is a member of the Wildlife League, West Palm Beach Fishing Club, the Odd Fellows and K. of P.

## CATTLE INDUSTRY

Continued from page 2  
pasture land.  
The United States Sugar Company has done extensive research work in the development of concentrates for cattle fattening. Herbert Johnson and other large local herd owners are conducting similar experiments.

With the termination of the war, the dairy industry is expected to make a decided forward surge—labor shortage has retarded its growth locally during the war period, whereas less labor is involved in the growing of beef cattle, local cattlemen point out.

Palm Beach County now boasts one of the 18 livestock auction markets developed in Florida since 1936, indicative of the permanent nature of our cattle industry. J. S. Adams and his associates at Greenacres are developing a marketing center vital to the expansion of our livestock industry. "This market deserves the cooperation of buyers, growers and the citizenship of the County as a whole," declared J. J. Cater, Routes 1 Board president, speaking for the Agricultural Group.

Members of the County Agricultural Committee include: Sam Chastain, George Bensch, Jack Faircloth, Ellis Lundy, B. F. Sundy, Herbert Johnson, Hugh Dillman, Orrin Randolph, M. U. Mounts, W. G. Bowen, Howard Haney, S. I. Blakely, Oscar A. Winchster, A. H. Butts, Frank Brown and Al R. Nielsen.

We can't win the war without the navy; our soldier can't win unless our ships deliver; merchant ships can't deliver unless the home front provides. One important convoy job is shipping signals as this youth is shown in the Battle of the Atlantic.

# Paul Rardin

Canal Point Newspaper Editor

For 10 Years a Booster of the Lake Okechobee Farming Region Through the Columns of His Newspaper—The Everglades News at Canal Point.

Now a Candidate For

## County Commissioner

To Everglades Voters:

I am a candidate for County Commissioner because I believe I am qualified to make you a GOOD County Commissioner. I know the needs of this section of the County and will, at all times, make an effort to see that our area is not neglected in the future as it has been in the past.

The one vital and urgent need in the Everglades is the building and proper maintenance of adequate roads over which to transport our vast food tonnage. I maintain and insist there is NO GOOD REASON why this section should be treated like a red-headed step-child when it comes to construction and maintenance of County roads.

I believe that I am capably and efficiently qualified to lay our problems before other members of the board and seek their cooperation in this road program. And, if it becomes necessary I won't be afraid to take the floor and state in no uncertain terms what we need. I WILL NOT sit meekly by and see this section neglected when I am your county commissioner.

As your county commissioner you will be able to come to me and discuss the needs of any section. I WILL NOT RESENT your suggestions.

If you're interested in the Lake Region—and its future—and want a man to represent you on the county commission who will stand up for what he believes to be for the betterment of our section, then I will certainly appreciate your support in the coming election.

Yours for better roads,

Paul Rardin

# A Vital MESSAGE to the Voters of Florida:

Meeting in the City of Orlando recently, a group representing business, the professions, industry, agriculture, women's clubs, chambers of commerce and varied interests discussed the grave problems that confront the state and nation as we approach another election.

Feeling that the time has come for the people to speak out clearly and emphatically as to their wishes concerning vital issues that confront all of us, the following clear-cut "Declaration of Principles" was unanimously endorsed and is herewith presented to the voters of this state for thoughtful and serious consideration.

## DECLARATION OF PRINCIPLES

### We Advocate:

- ★ **WIN THE WAR**
  1. Wholehearted cooperation of all the people of the United States in winning this war for personal liberty and in preserving the fruits of victory.
- ★ **CONSTITUTIONAL GOVERNMENT**
  2. The return to, and maintenance of, our National Government as created within the framework of the Constitution of the United States.
- ★ **STATES RIGHTS**
  3. The preservation of the rights of the States of the Union, except where such rights have been expressly delegated to the Federal Government by the Constitution of the United States; and the abolition of Federal grants when predicated upon Federal control.
- ★ **SOUTHERN TRADITION**
  4. The recognition of the inherent right of the people of the Southern States, as well as the right of the people of other sections of the United States to the preservation of their local, time-honored customs and traditions.
- ★ **FREEDOM FROM FEAR AND COMPULSION**
  5. The right of individual free enterprise in labor and management without fear of Government reprisal; and the right to work without being compelled to pay tribute to any man or organization.
- ★ **REASONABLE TAXATION**
  6. The adoption of a National tax program that will enable private industry to recover to peacetime operations, and thereby provide immediate employment in private industry for those now in the armed services, or engaged in war production.
- ★ **LIMITED FEDERAL TAXES**
  7. Limitation upon the taxing power of the National Government so as to restore the constitutional functions of state and local governments.
- ★ **INDIVIDUAL INITIATIVE**
  8. Individual initiative and self-reliance in agriculture, industry and in the professions. The American tradition of individual freedom and responsibility must be maintained, regardless of socialist or paternalistic trends which might promise temporary security.
- ★ **GOVERNMENT COMPETITION**
  9. That the Government of the United States should not enter, directly or indirectly, into business in competition with private individuals, except in time of war.
- ★ **TEACH CONSTITUTIONAL GOVERNMENT**
  10. The introduction into the state educational system of an intensive course of instruction on the fundamentals of constitutional government.

For the purpose of widely publishing these principles and to encourage statewide consideration and discussion of the vital issues with which they deal, it was decided to set up an organization.

Adopting the name: Florida Voters for Constitutional Government, R. D. Keene, Winter Garden, was named President; John D. Clark, Waverly, 1st Vice President; Dr. Meredith Mallory, Orlando, 2nd Vice President; Russell Kay, Tampa, Secretary, and E. T. Lyle, Orlando, Treasurer.

Concerned with issues and policies rather than men or parties this organization does not support or oppose any specific candidate for public office, State or national, but rather, presents a yardstick by which all may be measured.

Hear the Truth Told In Plain Language by

## FRANK D. UPCHURCH

OF ST. AUGUSTINE CANDIDATE FOR

## GOVERNOR OF FLORIDA

HE WILL VISIT

BELLE GLADE AT 6:00 P. M., WEDNESDAY, MARCH 29TH

This is your invitation to meet the man whose plan for a more united and a greater Florida has won state-wide acclaim.

(Paid Political Advertising)

Mrs. R. W. Kidder led the opening exercises. Mrs. Thomas Bregger presided over the business session, during which she announced that the proposed Home Demonstration Club booth at the Everglades Fair had to be abandoned as no provision had been made to protect exhibits from theft and members did not care to risk the loss of prized canned products.

Arrangements were completed for the next meeting to be held April 20 at the home of Mrs. W. R. Hooker in Chosen. There will be an all-day session beginning at 10:30 a. m. with a pot luck luncheon at noon. The demonstration will cover household drapes, slip covers and hooked rugs.

Miss Olga Kent, home demonstration agent, had on display a demonstration showing the construction of various types of shoes, those which were built for long wear and those which could more readily be repaired to prolong the life of the shoe. The topic for discussion was "Remodeling Clothing." Mrs. F. W. Mutchler led the round-table discussion during which various remodeled garments on display by different members were discussed, among which were a lady's coat made from a suit, a lady's suit made from a discarded man's suit, a girl's sport jacket from a man's coat, blouses from discarded dresses, aprons from women's skirts, a man's shorts from an old shirt, a child's suit from an adult dress, etc. The point was made that no garment must be thrown away which could possibly be made into a serviceable garment.

Refreshments were served to Mrs. W. A. Radford, Mrs. B. Q. Waddell, Mrs. J. P. Brown, Mrs. G. J. Barstow, Mrs. Elizabeth Lockmiller, Miss Olga Kent, Mrs. N. T. Nelson, Mrs. Thomas Bregger, Mrs. R. W. Kidder, Mrs. J. R. Noller, Mrs. G. G. Gans, Mrs. Floyd E. Chapman, Mrs. H. C. Willis, Mrs. F. W. Mutchler, Mrs. W. R. Hooker, Mrs. J. I. Freedlund, Mrs. Hugh J. Bratley, Mrs. R. S. Burr, Mrs. Norman Hayship, Mrs. Malin Wilson, Mrs. M. M. Sullivan, Mrs. H. L. Haney, Mrs. F. D. Stevens.

### SEAMEN LEE AND PAFF

Continued from page 1 employed by the Belle Glade Migratory Labor Hospital. Miss Lee also has a brother in the service, Clarence Raymond Lee, in the Merchant Marines. For the past two years, Miss Lee has been a supervisor for the Southern Bell Telephone and Telegraph Co. Miss Lee's brother has been marksmanship. She is a member of the National Rifle Association, and holds a medal for marksmanship.

### South Bay P T A To Have Box Social

The Parent-Teacher Association of South Bay met at the school auditorium on Monday evening. Mrs. R. L. Lovell presided.

Mrs. Jewell Maples' first and second grades and Mrs. Olga Hardy's third and fourth grades were represented by a group of little folks who recited in unison 17 verses of scripture taught them by Mrs. Pearl Housley last year.

Principal H. S. Emery presented a group of old time favorites in phonograph records. Mrs. Elsie Johnson resigned as president of the association. Plans were laid for a benefit box social at the school cafeteria on Friday, March 31, at 8:30 o'clock. Mrs. Kenneth Lockmiller, Mrs. S. M. McAllister and Mrs. Strickland are in charge of arrangements. Each lady preparing a box for the social will also make a matching tie and apron. The ties will win the box and the company of the lady at supper who is wearing the matching apron. Funds thus raised will be used to help finance the school cafeteria for the rest of the school year.

Among those present were Mrs. H. B. Walker, Mrs. Strickland, Mrs. S. M. McAllister, Mrs. Editha Eckman, Mrs. George A. Yon, Mrs. Kenneth Lockmiller, Mrs. R. L. Lovell, Mrs. Olga Hardy, H. S. Emery, W. H. Ruggles, Mrs. H. O. Martin, Mrs. Jewell Maples, Miss Virginia Speers.

### SOUTH BAY BEAN CITY LAKE HARBOR

Mrs. George Thompson of Swainsboro, Ga., and daughter, Peggy, have been visiting their parents, Mr. and Mrs. Mark Challinor and family at South Bay and her daughter in Belle Glade. They left Monday to spend a week in Ft. Pierce with Mr. and Mrs. J. F. Bridges before returning home.

Mrs. R. A. Roberson and children, Ernest and Danna of St. Augustine, are visiting their parents, Mr. and Mrs. Edwin Best while her husband is on duty with the Coast Guard at Manhattan.

Mrs. Leland Keene and daughter are leaving soon to join Cpl. Keene at Ft. Benning, Ga.

Mr. and Mrs. S. R. Donaldson, Mr. and Mrs. Ed Crowshaw who have been visiting Mrs. Donaldson's sister, Mrs. E. W. Sisley and husband, and her brother and wife, Mr. and Mrs. LeRoy Eckman, and other friends in this vicinity left Tuesday for their home at Perryopolis, Pa., for the opening of the spring farming season.

Charney and Wallace Garrett, who have been visiting their sister, Mrs. Strickland, while on furlough from the U. S. Navy left the first of the week, the former to visit his mother in central Florida and the latter returning to the hospital, both having been recently injured on active duty.

Mrs. Laura Crow will return Saturday from an extended visit with her daughter in Clearwater.

Mr. and Mrs. John R. Crow and son of Moore Haven took Sunday dinner with Mr. and Mrs. E. M. Willis, Mrs. Crow and son remaining for a week's visit with her parents, Mr. and Mrs. P. E. Goodbread.

Rev. F. Warren Capell is spending the week attending Association Training Union Conferences in the Tampa area.

Mr. and Mrs. J. F. Bridges and Freddy, Jr., of Fort Pierce spent the week recently as house guests of Mr. and Mrs. Mark Challinor.

Cecil H. Wrightson, Miss Sarah Lanford and friend of Miami spent the week-end at his farm, Kramer Island, looking after farming interests.

### "THAT MAN"

(Continued from Page 1) Farmers: persons who derive at least 80 per cent of their gross income from farming are given the option of filing their "Declaration" on or before the fifteenth day of the twelfth month of the taxable year. It must be remembered, however, that at that time THE TOTAL AMOUNT OF ESTIMATED TAX AS SHOWN ON THE "DECLARATION" is DUE and PAYABLE.

The following SALARIED persons whose wages and salaries are subject to the WITHHOLDING TAX must also file a "Declaration" under the following conditions:

- (1) Total estimated wages for 1944 are in excess of (single or married, not living with spouse), \$2,700.00; (married and living with spouse, one or both incomes total \$3,500.00).
- (2) Total estimated 1944 income from sources other than wages exceeds (single or married, not living with spouse), \$100.00; (married and living with spouse, one or both incomes total \$100.00; or total income from all sources, wages and other sources, exceeds (single or married, not living with spouse), \$300.00; (married and living with spouse, one or both incomes total \$1,200.00 or \$624.00 for one spouse).

Care should be exercised in filing the estimated return as penalties are provided for:

- (1) Failure to file "Declaration" when one should have been filed;
- (2) Failure to pay "Estimated Tax" when due;
- (3) The substantially underestimating the "Estimated Tax."

### LOCAL BOARD TO INSIST

(Continued From Page 1) General directive to do the same until pronounced cured by a competent physician.

Records disclose that out of 1,349 colored 4-Fs in the local board, approximately 1,000 are "positive." Clinics have been set up by the State Board of Health under the War Food Administration sponsorship and all colored patients may receive free treatment. Hereafter no facilities have been available for free treatment and this work has been handled. However, now that a negro may be treated free of charge and at specified times and places, his color is no longer a consideration in being sent out and his name turned over to the authorities.

Of the 638 white registrants under 35 remaining available, 260 are 4-Fs with only 10 veterans.

### DRIVE ENDS TUESDAY

(Continued from page 1)

A special drive is being arranged to see that as many as possible of the inhabitants of our quarters who are migratory have an opportunity to join the Red Cross.

The Negro Committee will have a booth at the Fair on Saturday night to catch any migratory strangers who do not have a Red Cross button on.

One of the greatest helps to the effort to secure an unusual coverage of the negro farm workers is that all farmers have agreed to have buttons and cards at the "pay-off" Saturday. In this way it is hoped that the opportunity to join while the money is new and fresh in their hands will be hard to resist.

The virtues of the Red Cross and its many benefits to our boys in service are too numerous to list here, and if you haven't already caught the spirit, arguments won't help much between now and next Tuesday.

When you are approached, DIG, and know that 97 per cent of what you give gets directly into the hands of the boys who want to help.

### Over \$16,000 In Bonds Sold At Fair So Far

Frank Dooley led his Lions Club Committee for the sale of Bonds at the Fair to what bids well to be the winning effort in a two week campaign, when \$11,605 was turned in for the Wednesday night's effort.

Frank properly lent dignity to the ballyhoo of Royal over a nuke and the whooping

of Cunningham and DeHaven, with Sherry Drea taking in the money.

The BPWC so far are next in line with \$2200 in cash, the Women's Club third with approximately \$1500 and the CAP Cadets next with around \$1100. The Boy and Girl Scouts evidently didn't put the kee on their papas with enough effort for they tail the lists. It may be that they had to hit papa for some money to spend on the shows and rides and put that before the bond sales.

### TOO LATE TO CLASSIFY

FOR SALE—Buffy Grand Piano, small mahogany, excellent condition. Phone 8451. West Palm Beach, or write 1500 Florida Ave. for appointment. 3-24-44

## John E. Bollinger

ANNOUNCES

### His Candidacy FOR Re-Election FOR REPRESENTATIVE FROM PALM BEACH COUNTY—GROUP I

"I shall be thankful for your vote and support"

(Paid Political Ad.)

## For GOVERNOR elect MILLARD CALDWELL

# Meet MILLARD CALDWELL!

This Governor's race is a question of men—as well as issues. Florida faces stormy days as the war approaches its end, as our veterans return, as industry and business begin to convert to peacetime pursuits.

Our next Governor must be a man capable of piloting Florida safely through the oncoming storm, a man who is calm, level-headed, energetic and sincere; a man of proved business ability and tested statesmanship.

Millard Caldwell is such a man!

His record of public service is outstanding. He was a member of the Florida Legislatures of 1929 and 1931 when he was chairman of the important Rules Committee. He served brilliantly as U. S. Congressman from 1932 until 1941 when he voluntarily retired to private life.

He has never before been a candidate for Governor... He has never been defeated for public office.

He was born on a farm at Beverly, Tenn., in 1897. His father was a successful lawyer; his grandfather a Baptist preacher. He was a star athlete at Carson-Newman College and the University of Mississippi where he was still a student when he volunteered as an Army private in World War I. He was commissioned as second lieutenant of Field Artillery before the war ended. Later he finished his education with a law course at the University of Virginia.

**A "FLORIDA" NOT A "PROMISER"!**  
**"DOER" CAN BE CONFIDENT WITH CALDWELL**
